

MATERIALS

Construction is of polyurethane foam injection moulded over steel springs which are supported by a metal frame. This gives consistent shape quality and structural longevity. Upholstery is in a wide choice of premium fabrics, leather, vinyl or COM.

Leg alternatives: Ø15mm transmission metal profiles are bended and welded each other in order to make a base structure. Plastic glides are available.

Leg Finishings: Metal leg finishings: Shiny chrome, Matt chrome, electrostatic powder coated colors

Dimensions: 42x42x96h / 42x42x84h
